

**ABO/NCLE TEST REVIEW  
ANNOUNCEMENT  
MAY 2K10**

---

**The OAG Optical Training Academy will host ABO and NCLE Review Courses at the DeKalb Technical College Learning Center, Clarkston Ga., on Sunday 2 May 2K10. These classes are available to any prospective candidate for ABO/NCLE certification as required by Georgia law for licensure.**

**The classes start at 9:00 am respectively and are being run concurrently. This means the choice is to take one course or the other. Due facility schedule conflict – this spring - it was not possible to arrange a sequential schedule.**

**The purpose and specific intent of the review classes are to assist eligible candidates for certification to be competitive on these challenging exams. The academy makes no guarantee real or implied on a prospective candidate's success with these examinations.**

**The course review fee is \$125.00 for each class. Registration can be made by forwarding the remittance, name, address, contact information, preference of class - ABO or NCLE - on standard letter paper to:**
